SDP-860 The flexible and compact device – mobile and well-priced

- » High resolution output signal with 1280 x 1024 Pixel (scalable to full HD)
- » Pivoting camera head allows image capture from the room (e.g. from the black board or students)
- » 6X optical zoom for perfect view of details
- » Fluent video presentation thanks to 30 images/second
- » Lightweight and yet absolutely stable
- » Saving of images and videos directly on a SD card or over USB on the PC

SDP-960 Modern design meets the latest technology

- » Templates can be arranged perfectly without turning away from the audience thanks to the integrated preview monitor
- » Height when folded: only about 7 cm – can even be put into a desk drawer
- » Presentation of slides without light box thanks to the bright lens
- » 48X zoom (6X optical zoom and 8X digital zoom)
- » Fluent video presentation thanks to 30 images/second
- » Images and videos including sound can be saved on a SD(HC) card or a PC

UF-80 User-friendly technology in elegant design

- » Modern design for modern rooms
- » Easy and intuitive use
- » Resolutions of 1024 x 768 up to HighDefinition 720p available
- » Bright lens with 14X optical and 3X digital zoom
- » Small dimensions of the bag and easy set-up increase the mobility
- » Carrier bag for an easy transportation
- » Models: UF-80ST, UF-80DX

UF-130 HD Camera with bright zoom lens

- » 14x optical zoom presenting even the smallest details
- » 30 images per second for flimmer-free presentation of images
- » Natural presentation of the image thanks to the bright lens
- » Digital functions: freezing, rotating and saving images
- » Large presentation surface for DIN A4 templates
- » Easy to use
- » Flexible LED lamps for a perfect illumination
